DIGITAL REFLECTIVE VINYL PRODUCTS

COMPLETE RANGE OF SOLUTIONS

Aura Optical Systems offers a range of reflective vinyl products for all of your signing and graphics applications. Each product features a premium cast vinyl face to ensure consistent performance over time. From eco-solvent ink jet printing to latex or UV flatbed printing, each AURA® reflective vinyl product is engineered to meet your digital printing needs.

AURA® 122 Digital Commercial Grade. Reflective vinyl for short-term signing or graphics applications. Durability up to 3-years.

AURA® 124 Digital Engineer Grade. Durability up to 7-years for many signing and commercial applications, including advertising graphics, vehicle markings, and traffic signs. Meets the requirements of ASTM D-4956, Type 1 and EN-12899, Class RA1 and other industry specifications.

AURA® 128S Vinyl Commercial Grade. A thin reflective film for security applications where tearability or destructibility is critical.
